COORDINATING COMMITTEE

RECORD OF DISCUSSION

ON

1959 LIST REVIEW

001-099 SERIES - METAL-WORKING MACHINERY

Present: Belgium (Luxembourg), Canada, France, Germany, Italy, Japan, Netherlands, United Kingdom, United States.

References: COCOM Documents 3700.1 - 9, 1959 Review - W.P.5/1016, /1051, /1070, /1072, /1081, 1088 and W.P.6/1601.

The Coordinating Committee reviewed the following items in the 001-099 series - 1016, 1042, 1051, 1070, 1072, 1075, 1081, 1088 - and the related Item 1601.

A Review Sub-Committee, assisted by experts and under the Chairmanship of Mr. R. BLIEK (Netherlands), met on the 18th and 19th November, 1959.

The Chairman of the Sub-Committee reported to the Committee on the 30th November. At that time, the Committee examined the findings of the Sub-Committee and drew the detailed item-by-item conclusions to be found in the following documents: COCOM Documents 3710.16/1, 3710.51/1, 3610.70/1, 3710.72/1, 3710.81/1, 3710.88/1 and 3716.01/1.

The Committee further confirmed on that date the agreements reached in plenary session on the 29th October. These are recorded in COCOM Documents 3710.42/1 and 3710.75/1.

The table attached hereto shows the categories into which the items under study fell at the close of the first round of discussion.
